

Silicon CPV SCPV 2 Series is a Valve Regulated Lead Acid battery that adopts immobilized GEL and Tubular Plate technology to offer high reliability and performance. The Battery is designed and manufactured according to DIN standards and with die-casting positive grid and patent formula of active material. SCPV2 series exceeds DIN standard values with more than 20 years floating design life at 25°C and is even more suitable for cyclic use under extreme conditions.

Discharge: -40°C~70°C

Charge: 0°C~50°C

Storage: -20°C~60°C
